Birth order: middle child- peacemaker, always finding middle ground.:)

I would like to serve on the 2017 HHICSC Board of Directors in order to:

work together, hand in hand, with all of our membership to provide opportunities to gather and celebrate our friendship and blessings in dance.

As president I will strive to support positive momentum and growth of our club with strong networking and communication via a state of the art website, email and facebook, efficient and transparent financial accounting practices, and progressive nonprofit goals. My vision of a healthy club is a community of energetic, happy individuals who come together in friendship on a dance floor and share the joy of our southern gem, the Carolina Shag! :)

Respectfully submitted:
