

Celina Hall - First Vice President Returning Board Member

My husband and best friend Phil Hall and I are celebrating 10 years as members of the HHICSC. We love our Club, and we love the Shag life and culture. So many of our members have now become our closest friends, and Phil and I want to see this Club and the Shag Dance continue for generations to come. We have five children and nine grandchildren who are the light of our lives, and we are enjoying watching several of them get involved in the Shag life.

I taught many years in early childhood education and especially loved teaching my K-5 classes. It was a joy to see my students excel as they continued their education. I took an early retirement from teaching to travel with Phil as his work provided frequent opportunities for us to go to many places around the country. When we weren't traveling, I was engaged in event planning, venue decorating, directing and coordinating weddings as well as managing the caterers and vendors for various events. I have gained much experience in baking and decorating cakes and desserts through the years as well.

It was my privilege to serve on the board in 2023 and I look forward to what we can accomplish together in 2024.

See you on the dance floor!

Celina Hall
